year of 2022

Relevant Work Experience

Student Activities – Durham College

Worked with staff and students to create interactable webpages, designed using OOP in various programming languages to display knowledge and understanding of the lectures given.

Personal Activities

Worked by myself on several smaller projects to reinforce understanding and develop past what had been taught in classes, creating several websites that could be used as a quick refresher of information, as well as building a small game like Tetris and an old poor version of a Zelda-like game.

Unrelated Work Experience

Krown, Oshawa, ON – 2021-Present

Spray Underbodies of vehicles with anti-rust oil.

Lawn Care, Oshawa, ON – 2013-2018

Worked in neighborhood cutting lawns and maintaining gardens.

Residential Painting, Oshawa, ON – 2018-2019

Painted interiors of homes with a small group of friends in the neighborhood before enrolling in Durham College.
